

TYO is pleased to introduce the latest members of our Nablus team: our [Fall 2010 Interns](#)! They arrived on October 8th and jumped into their classrooms last week. Check out their reflections on [Nablus](#) and the [Olive Harvest](#).

The women behind the 10 business plans selected to continue through [Phase II of the FWEN initiative](#) have been hard at work over the past several months. And their work is paying off in tangible ways - each woman is a few steps closer to achieving her dream of becoming an entrepreneur, owning and operating a small business.

APPLY NOW: We are [recruiting Spring 2011 Interns](#) interested in community development and early childhood and youth programming to work at our flagship center in Nablus for our spring programs (February - April 2011).
